1.3 Rules and Regulations

The competition will be conducted under ISSF and WSPS Rules and Regulations. If you require further information, please visit:

- [WSPS](#)
- [ISSF](#)

1.4 Viability of Events

Individual events are considered viable if there are athletes from a minimum of four (4) countries entered through the Entry by Name.

Team events will be considered viable if a minimum of three (3) eligible NPCs have entered teams through the Entry by Name (note: in cases where only 3 teams participate, medals will be awarded according to the minus-one rule).

If an event fails to meet the above minimum viability criteria, it will be not considered viable and will be shot as an MQS event only.

1.5 International Classification

International Classification will be conducted on 05-06 (Rifle/Pistol) and 07 (Para Trap and Visual Impair) June 2022. A detailed classification schedule will follow after the revision of the final entries by WSPS. At least 4 weeks prior to classification the athlete's completed IPC Medical Information Form and Classification Consent Form must have been uploaded to the athlete's SDMS profile, these forms can be found on the [WSPS website](#).

1.6 Results, Rankings & Records

After the competition is finished, results will be reviewed and published on the WSPS website and the Ranking and Records lists will be updated accordingly.

Only athletes that are licensed, have a sport class status Review (R) or Confirmed (C) and reach the rankings cut-off standard for the relevant event, will have their results recognised for ranking purposes.

For further information see the [WSPS Rules and Regulations](#).

1.7 Direct Quota Allocation

It is planned that allocation slots for the 2024 Paralympic Games can be achieved at this competition. This will be confirmed once the IPC publishes the Paris 2024 Qualification Criteria, and we will then update this document accordingly.

2 Registration Process

2.1 Athlete Eligibility

All entered athletes in the Chateauroux 2022 WSPS World Cup must be licensed by the final entries deadline. Athletes' entries not meeting this criteria will be rejected by WSPS.

2.2 Authorised Organisation for Entry Registration

All athletes must be entered by their respective NPCs or organisations authorised by WSPS and accepted by WSPS.

2.3 Entry restrictions

2.3.1 Maximum number of athlete entries per NPC per event

The maximum entry per NPC is four (4) 'full' participants per event (athletes eligible to progress to the final, and to obtain records and ranking) if one is a junior in P1-P2, R1-R2 or R7-R8. If no junior athletes are entered, the maximum number of entries is three (3). In mixed events, the maximum number of entries per NPC is four (4) if one is a female or junior. If no female or junior athletes are entered, the maximum number of entries is three (3).

NPCs may additionally enter an unlimited number of 'MQS-only' athletes (athletes are eligible to obtain qualification scores to be recognised for MQS, but cannot progress to the event final or obtain records or rankings). However, in case of insufficient firing points this number may be restricted by WSPS, in a timely manner.

When entering more than 4 athletes to an event via the Online Entry System, the NPC should contact WSPS after making the online entries, confirming which athletes are to be entered as 'full' entry and which as 'MQS-only'.

2.3.2 Maximum number of starts per event

The maximum number of starts per event is the number of athlete entries that can be accepted per event; this calculation is based upon range capacity and the competition schedule.

If the maximum number of starts is reached during the Final Entry Process:

- (1) the number of 'MQS-only' entries may be limited to allow space for entry of 'full' participants;
- (2) a 'waiting list' may be established, and in case of subsequent entry cancellations, entries from the waiting list will be accepted on a first-come-first-served basis.
